## Federal

### **Outreach Education and Technical Assistance for Farm Service Agency**

This opportunity seeks proposals to support and further expand Farm Service Agency (FSA)'s existing program outreach and education efforts to socially disadvantaged applicants (SDA), specifically farmers and ranchers. The mission of the FSA is equitably serving all farmers and ranchers through the delivery of effective, efficient agricultural programs for all Americans. However, FSA is aware that all farmers and ranchers may not be optimally aware of FSA programs. Therefore, this opportunity is intended to provide additional outreach to SDA farmers and ranchers in areas and communities where additional outreach would be beneficial.

Application Deadline: 5/5/21 | [View Opportunity](#)

### **2021 Agroforestry Outreach Proposals**

The US Forest Service requests proposals to substantially expand and accelerate the availability of science-based information to inform landowner decisions on the adoption and design of agroforestry systems. This request for proposals focuses on the USDA National Agroforestry Center goals to increase the understanding and adoption of agroforestry, provide educational materials and training on agroforestry, and to develop technologies and tools in support of agroforestry.

Application Deadline: 5/28/21 | [View Opportunity](#)

### **Tennessee Natural Resources Conservation Agreements FY 2021**

The Natural Resources Conservation Service (NRCS), an agency under the US Department of Agriculture, is announcing the potential availability of funding for the purpose of leveraging NRCS resources to encourage collaboration with partners in providing strategic conservation delivery assistance and/or provide tools or data that enhance the ability of the agency to support conservation.

The overall intent of this solicitation is to solicit partnerships to help enhance the implementation of key conservation objectives and priorities.

## 2021 Vector-Borne Disease Request for Proposals

As new vector-borne pathogens continue to be identified and the spread of tick-borne disease rises, the AKC Canine Health Foundation continues its commitment to address this emergent issue by funding critical research to diagnose, prevent, and treat vector-borne diseases in dogs. Diseases of interest include, but are not limited to, heartworm disease, leishmaniasis, ehrlichiosis, anaplasmosis, Rocky Mountain spotted fever, hepatozoonosis, babesiosis, bartonellosis, hemotropic mycoplasmosis, and Lyme disease. The Foundation supports a One Health and multi-disciplinary approach to addressing the health needs of all dogs and their people.
