the target audience while concurrently providing wraparound technical assistance to ensure that program participants have the information, training, and customized support they require.

Application Deadline: 10/28/22 | [View Opportunity](#)

Higher Blends Infrastructure Incentive Program (HBIIIP)

Department of Agriculture Rural Business-Cooperative Service

The purpose of HBIIIP is to increase significantly the sales and use of higher blends of ethanol and biodiesel by expanding the infrastructure for renewable fuels derived from US agricultural products. The program is also intended to encourage a more comprehensive approach to market higher blends by sharing the costs related to building out biofuel-related infrastructure.

Application Deadline: 11/21/22 | [View Opportunity](#)

United States Department of Agriculture
National Institute of Food and Agriculture

From Learning to Leading: Cultivating the Next Generation of Diverse Food and Agriculture Professionals

The primary goal of this opportunity is to build and sustain the next generation of the food, agriculture, natural resources, and human sciences workforce including the future USDA workforce primarily through providing student scholarship support, meaningful paid internships, fellowships, and job opportunity matching, and also facilitating opportunities to learn the processes and pathways leading to training and employment in the federal sector.
