Funding Opportunities Weekly Digest–August 3, 2021

Check out the [Office of Sponsored Programs website](#) to view more [funding opportunities](#) to consider.

Federal

Vet-LIRN Network Capacity-Building Projects

The purpose of this funding opportunity is to support enhanced human and animal food safety by strengthening the capacity, collaboration, and integration of food-safety laboratories and networks, thereby facilitating an effective and coordinated response to future human and animal food safety issues.

Application Deadline: 9/1/21 | [View Opportunity](#)

Please see [NIFA Upcoming RFA Calendar](#) and email aggrant@tennessee.edu to apply.

Understanding Multi-stressor Impacts on Marine Ecosystems Under Climate Change

The Department of Commerce is soliciting proposals to understand the combined impacts of multiple stressors on the function and health of marine ecosystems within the context of climate change. This information will be used to improve place-based management of marine protected areas and enable the proactive protection of these critical ecosystems under future climate scenarios. Application Deadline: 1/18/22 | [View Opportunity](#)

Major Research Instrumentation Program (MRI)

The MRI Program serves to increase access to multi-user scientific and engineering instrumentation for research and research training in our nation's institutions of higher education and not-for-profit scientific/engineering research organizations. An MRI award supports the acquisition or development of a multi-user research instrument that is, in general, too costly and/or not appropriate for support through other NSF programs.

Limited Submission Opportunity [submit your NOI through InfoReady.](#)
Application Deadline: Internal Submission 9/1/21 | NSF Submission 1/19/22 | [View Opportunity NSF 18-513](#)

Foundations and Nonprofits

Innovator Awards Program - Inflammatory Bowel Disease (IBD)

[Innovator Awards Program](#) is seeking research and collaborators interested in IBD. Our Innovator Awards support individual scientists and research teams working within and outside the field of IBD. Grants of up to \$150,000 will fund new, untested ideas to advance the understanding of Inflammatory Bowel Disease (IBD). To improve the lives of as many people with IBD as possible, our funding will support a diversity of perspectives—from clinicians to translational researchers and basic scientists.

LOIs accepted 8/16/21-9/13/21 | [View Opportunity](#)
