Funding Opportunities Weekly Digest – March 3, 2020

[Upcoming Event](#)

AgResearch is pleased to announce the joint Grantsmanship Training Workshop in collaboration with the UT College of Veterinary Medicine and Hanover Research. All UTIA faculty (teaching, research, Extension, and CVM) are encouraged to attend. This is a great opportunity to meet your peers who may share similar interests and could potentially lead to the development of new research collaborations.

Thursday, April 9, 2020, All Day, Hollingsworth Auditorium

Grantsmanship Training Workshop (Consultants from Hanover Research)

2020 Borlaug Fellowship Program Mentor Focus Group Event

The Borlaug International Agricultural Science and Technology Fellowship Program is requesting the design and delivery of a 2020 Borlaug Fellowship Program Mentor Focus Group to capture the experiences of Borlaug mentors through a four-day planned discussion group event. This program advances research goals of promoting collaborative programs among agricultural professionals of eligible countries, agricultural professionals of the United States, the international agricultural research system, and United States entities conducting research by providing fellowships to individuals from eligible countries who specialize or have experience in agricultural education, research, extension, or other related fields.

Application Deadline: 3/31/20 | [View Opportunity](#)

2020 Borlaug Fellowship Program World Food Prize Event

Application Deadline: 4/9/20 | [View Opportunity](#)

Community Facilities Technical Assistance and Training Grant

To provide associations technical assistance and/or training with respect to essential community facilities programs. The technical assistance and/or training will assist communities to identify and plan for community facility needs that exist in their area. Once those needs have been identified, the grantee can assist in identifying public and private resources to finance those identified community facility needs.

Centers for Disease Control and Prevention

National Center of Excellence for the Prevention of Childhood Agricultural Injury

Applicants are expected to propose multidisciplinary approaches to conduct research and outreach and serve as a leader in research translation and research-to-practice for the protection of children in agricultural environments throughout the US. Applicants must describe the health and safety burden(s) addressed in their proposals. They must link the need for the proposed research and related activities to the planned outputs and outcomes that will help address or alleviate these burdens. Applicants should also identify the anticipated impacts and potential outcomes of the proposed research and related activities that will occur during the five-year project period and beyond.
