Real-world Effectiveness of Structured Lifestyle Interventions in Preventing Type 2 Diabetes

The purpose of this opportunity announcement is to create a research network consisting of multiple study sites for assessing system and individual level barriers and facilitators to participation in and completion of structured lifestyle intervention programs as implemented by the CDC National Diabetes Prevention Program.

Application Deadline: 1/24/22 | [View Opportunity](#)

United States Department of Agriculture
National Institute of Food and Agriculture

National Institute of Food and Agriculture has announced the [AFRI 2022 deadlines](#) so you can start planning well in advance to take advantage of services provided by AgResearch (Hanover, Orange Team Review), OSP, and UT Knoxville Office of Research, Innovation, and Economic Development.

To notify OSP of an upcoming proposal, complete the new online [Proposal Intake Questionnaire](#) as soon as you start planning to provide preliminary information about your prospective proposal.

Please recall that there are broader global collaborative efforts available with [Ireland and Northern Ireland](#) for certain applications. Contact [Tom Gill](#) if you are planning or need assistance to develop partnerships.

All applicants who meet the eligibility requirement as a **New Investigator** will also be eligible to apply for a **seed grant**, as well as for a [New Investigator \(standard\) grant](#). | [Helpful Hints for New Investigators](#)

Food Safety Outreach Competitive Grants Program

The Food Safety Outreach Program will complement and expand the national infrastructure of the National Food Safety Training, Education, Extension, Outreach, and Technical Assistance Competitive Grants Program.

Application Deadline: 12/13/21 / [View Opportunity](#)

Southern Sustainable Agriculture Research and Education 2022 On-Farm Research Grant Call for Proposals

On-Farm Research Grants provide opportunities for agriculture professionals working directly with farmers and ranchers to conduct on-farm research projects in sustainable agriculture. On-farm research grants emphasize relationship building between the researcher and the farmer and help support farmers in their efforts to conduct new and innovative sustainable agriculture production and marketing practices.

Application Deadline: 12/3/21 | [View Opportunity](#)

Ethical and Responsible Research

The program funds research projects that identify: (1) factors that are effective in the formation of ethical science, technology, engineering, and mathematics (STEM) researchers; (2) approaches to developing those factors in all STEM fields that NSF supports; and (3) why and how those factors and approaches increase responsibly conducted research.

Application Deadline: 2/17/22 | [View Opportunity](#)

International

Investing in Diversified Agriculture-led Growth Poles for Inclusive, Sustainable, and Resilient Wealth Creation (Growth Poles Activity)

Objectives are to increase rural incomes and assets through diversified jobs, increased sale for farmers, and other on and off-farm benefits; to expand women, youth, and vulnerable households' economic opportunities; and to strengthen resilience of households, communities, and systems.

Forecasted Deadline: 12/20/21 | [View RFI](#)

Foundations and Nonprofits

Metagenomic Next Generation Sequencing to Detect, Identify, and Characterize Pathogens

One of the overwhelming lessons learned from the ongoing SARS-CoV-2 pandemic has been the importance of being able to identify existing and emerging infectious diseases efficiently, in order to more effectively address and contain outbreaks, both locally and regionally. Through this Grand Challenge, the Bill and Melinda Gates Foundation and Chan Zuckerberg Initiative will jointly offer funding for ten scientific groups to explore the identification, characterization, and context of infectious disease.

Application Deadline: 1/13/22 | [View Opportunity](#)
