Funding Opportunities Digest— August 12, 2024

To notify the Office of Sponsored Programs (OSP) of your intent to apply for any of these or other grant opportunities, please submit a [Proposal Intake Questionnaire](#) to provide OSP with preliminary information.

To request a change to an existing award, please complete the [Award Action Form](#) and submit it to aggrant@utk.edu. This will ensure that your request is properly documented and processed in a timely manner.

Check out the [Office of Sponsored Programs website](#) to view more [funding opportunities](#) to consider.

Newly Announced

Co-operative Research Program: Sustainable Agriculture and Food Systems

The Co-operative Research Program: Sustainable Agricultural and Food Systems exists to strengthen scientific knowledge and provide relevant scientific information and advice that will inform future policy decisions related

Model Intercomparison and Improvement for Carbon Sequestration and Greenhouse Gas Emission Estimation from Agriculture

The US Department of Agriculture is announcing this funding opportunity for a cooperative agreement to support the coordination, implementation, and management of model intercomparison studies in agricultural systems. The model intercomparison study supports the Inflation Reduction Act (IRA) Greenhouse Gas (GHG) Quantification efforts.

Application Deadline: 10/4/2024 | [View Opportunity](#)

National Animal Disease Preparedness and Response Program

The National Animal Disease Preparedness and Response Program strengthens our country's ability to combat animal disease outbreaks. Through this program, the Animal and Plant Health Inspection Service provides tens of millions in funding to states, producer organizations, universities, and others to carry out high-value projects that help our nation prepare for the most critical animal health threats facing US livestock industries today.

Application Deadline: 10/18/2024 | [View Opportunity](#)

Greenhouses in Transition

Greenhouses in Transition focuses on collaborations between sectors within the food-energy-water nexus that enable increased regional sustainability of the controlled environment agriculture sector.
