Funding Opportunities Digest— October 21, 2024

To notify the Office of Sponsored Programs (OSP) of your intent to apply for any of these or other grant opportunities, please submit a [Proposal Intake Questionnaire](#) to provide OSP with preliminary information.

To request a change to an existing award, please complete the [Award Action Form](#) and submit it to aggrant@utk.edu. This will ensure that your request is properly documented and processed in a timely manner.

Check out the [Office of Sponsored Programs website](#) to view more [funding opportunities](#) to consider.

Events

The Office of Research, Innovation, and Economic Development has the distinct privilege of hosting Sara Barber, science policy advisor for the National Science Foundation, on Tuesday, October 29, 2024. There will be hosting two educational sessions.

Session Title: The Changing Federal Landscape for Research Security

Intended Audience: All researchers

Time: 8:30 a.m. – 9:15 a.m. (EDT)

Location: Student Union Room 270

Speaker: Sara Barber, NSF Science Policy Advisor

RSVP: Please confirm via the [ORIED - NSF 2024 The Changing Federal](#)

[Subscribe](#)[Past Issues](#)[Translate ▼](#)

Session Title: Research Security for the Next Generation

Intended Audience: Postdoctoral and graduate student researchers

Time: 9:30 a.m. – 10:00 a.m. (EDT)

Location: Student Union Room 169

Speaker: Sara Barber, NSF Science Policy Advisor

RSVP: Please confirm via the [ORIED - NSF 2024 Research Security for the Next Generation Survey](#).

Feel free to contact Rob directly at rwithrow@utk.edu with any questions or concerns.

Newly Announced

Tennessee Soybean Promotion Board Proposals

The Tennessee Soybean Promotion Board seeks qualified partners to perform research and promotion projects that will drive advancements in soybean production, utilization, and market expansion. We seek proposals that demonstrate a clear benefit for the soybean industry, address pressing challenges, and contribute to the growth and sustainability of the sector.

Application Deadline: 11/26/24 | [View Opportunity](#)

Golden Retriever Lifetime Study

Primary study endpoints include lymphoma, hemangiosarcoma, high-grade mast cell tumors and osteosarcoma. Secondary study endpoints cover a variety of diseases affecting the breed, including other cancers.

Application Deadline: 3/5/2025 | [View Opportunity](#)

Ongoing

Solid Waste Management Grants

This program reduces or eliminates pollution of water resources by providing funding for organizations that provide technical assistance or training to improve the planning and management of solid waste sites.

Application Deadline: 12/23/2024 | [View Opportunity](#)

Agriculture and Food Research Initiative - Foundational and Applied Science Program

The Foundational and Applied Science Program supports grants in six priority areas to advance knowledge in both fundamental and applied sciences important to agriculture. The six priority areas are: plant health and production and plant products; animal health and production and animal products; food safety, nutrition, and health; bioenergy, natural resources, and environment; agriculture systems and technology; and agriculture economics and rural communities. Research-only, extension-only, and integrated research,
